

# OFFERING EMCC UK MEMBERS A MENTEE-LED MENTORING SCHEME

## OVERVIEW

**EMCC UK is part of the European Mentoring & Coaching Council, which is a membership community working together to maintain, influence, develop and progress high quality standards in coaching, mentoring and supervision across the Globe.**

The purpose of the Mentoring Scheme is to benefit EMCC UK members – to offer them the opportunity to talk to and be mentored by more experienced members. For mentors, it is a way for them to give something back to the profession, by supporting those with less experience and to increase their mentoring skills. Mentoring might include helping mentees with, for example, new business development or it might be about the professional development pathway and accreditation, with mentees selecting a mentor based on their profile and the mentee's need.

In order not to overwhelm the volunteers with the amount of manual processing needed to support the programme, EMCC UK was open to other ways of managing the programme in order to maintain it.

The screenshot shows the MentorNet web application interface. At the top, there is a navigation bar with icons for Home, Help, Messages, News, and sfadmin. Below this is a sidebar menu with categories like SEARCH, PEOPLE, RESOURCES, ADMIN, FORUMS, REPORTING, CONVERSATIONS, and NEWS. The main content area displays the profile of a 'Test Mentor'. The profile includes a photo, the name 'Test Mentor', and the text 'This is a Test Mentor Account'. Below the photo, there are sections for 'User Profile' and 'Mentoring Profile'. The 'User Profile' section shows details such as Membership Category (Master), Job Role (Independent Coach), and County (Cambridgeshire). The 'Mentoring Profile' section shows 'Available to Mentor' as Yes, 'Max number of Mentees' as 3, and 'Current number of Mentees' as 0.

## SOLUTION OVERVIEW

- Online mentoring solution, sfG MentorNet

## CHALLENGES

- EMCC UK is a volunteer-led organisation, so there are limited resources to support the scheme
- Manual, spreadsheet-based solution
- Labour intensive to run
- Took a lot of time to maintain the scheme

## BENEFITS

- Reduced the time taken to administer the scheme from 15 to 2 hours a month
- Mentee-led – the system is now automated
- Great benefit for members to learn and grow as mentors and coaches

## MENTORNET BENEFITS

- Improves Communication
- Reduces Administration
- Ensures Regulatory Compliance
- Encourages Networking & Peer Learning
- Increases Ownership of the Mentoring Process
- Allows Advanced Reporting & Analysis

## AUTOMATIC RUNNING OF A MENTEE-LED MENTORING SCHEME

EMCC UK contacted sfG MentorNet about using their online mentoring system. They wanted to understand how sfG MentorNet could provide solutions to their current ways of working.

Using sfG MentorNet, EMCC UK has found it much easier to run a mentoring scheme as a benefit for its members. Instead of 15 hours a month spent in manual tasks, the team spends less than 2 hours a month keeping the scheme running.

The scheme is mentee-led, so mentees drive the relationship and the conversations and meetings they want to have with mentors. As it is now automated using sfG MentorNet, members can register themselves onto the scheme at any time, set up a profile and then search for available mentors who match the experience they seek.

## MINIMAL TIME SPENT RUNNING A BENEFICIAL SCHEME FOR MEMBERS

From the mentoring team's side, they now require minimal input and time to administer the mentoring scheme. Their main tasks now are simply to verify that people match, that they are members and to approve the connection request between mentee and mentor. They confirm, "There are a number of reports we can use to see what is happening, such as how many people are using the system, new people who have joined, and to check that everything is running ok.

Only mentors who have the availability to take on new mentees are shown in the search and mentees can ask to be matched with appropriate mentors without any administrative input.

The solution offers a lot of functionality. They can send instant messages to each other, keep a log of meetings and it is all saved in one place, accessible by mentor and mentee. This, along with personal information, is kept confidential. They can contact one another through the system, which sends an email saying someone is getting in touch and leads them directly to log in to the relevant page.

The Mentoring Team said, "The support from David and the sfG team during the set-up and configuration has always been excellent, very quick and responsive."

We get an email if people want to be a mentee and we can quickly check and approve if they are on our database. Or if anyone has a technical issue they contact us, but that has only happened once as sfG MentorNet is so intuitive to use."

The Mentoring Team have created recorded webinars and User Guides that sit in the resources area along with links to useful websites and documents, which members can access at any time.

Mentor Evaluation

1. How did your sessions with your mentee take place?  
 Face to Face  
 Over the phone  
 Skype/Facetime  
Other (please explain): \_\_\_\_\_
2. Did you use the Resources and Forums sections of MentorNet?  
 Yes  
 No
3. Do you have any suggestions on how we might improve these sections?  
\_\_\_\_\_
4. Did you attend any of the group supervision sessions?  
 Yes  
 No  
If you answered yes, please can you provide us with feedback on how useful you found the session(s): \_\_\_\_\_
5. What was the best thing about being a mentor on the programme?  
\_\_\_\_\_

*"sfG MentorNet is so efficient. It's so good. It has reduced the time we spend on running the scheme and enabled us therefore to continue to offer this valuable service to our members – both mentors and mentees, who each say they benefit"*

*Sarah Loud, Operations Services, EMCC UK*
