sfG MentorNet is a secure, flexible online mentoring platform designed to support both in-person and virtual mentoring programmes. It has been designed to reduce the time and effort involved in running mentoring programmes, making it easier for organisations to focus on creating meaningful connections. Whether your programme is regional or international, sfG MentorNet scales to meet your needs with affordability and ease.

Why Choose sfG MentorNet?

sfG MentorNet combines cutting-edge technology with the insights of experienced mentoring organisations to deliver a solution that:

- Improves communication and engagement between mentors and mentees.
- Reduces administrative workloads, saving time and effort.
- Tracks and monitors relationships to ensure effective outcomes.

sfG MentorNet was developed in collaboration with Day1, a leading UK mentoring organisation, ensuring it's tailored specifically to the needs of mentoring programmes.

Built for Mentoring Organisations

Mentoring organisations often face challenges such as maintaining communication, ensuring data protection and safeguarding compliance, and managing tight budgets. sfG MentorNet is designed to tackle these issues head-on by:

- Ensuring secure and confidential communication between mentors and mentees.
- Providing affordable, scalable solutions for programmes of any size.
- Offering advanced reporting and analysis tools to measure programme success.

At sfG MentorNet, our mission is to deliver the best online mentoring platform paired with exceptional customer support.

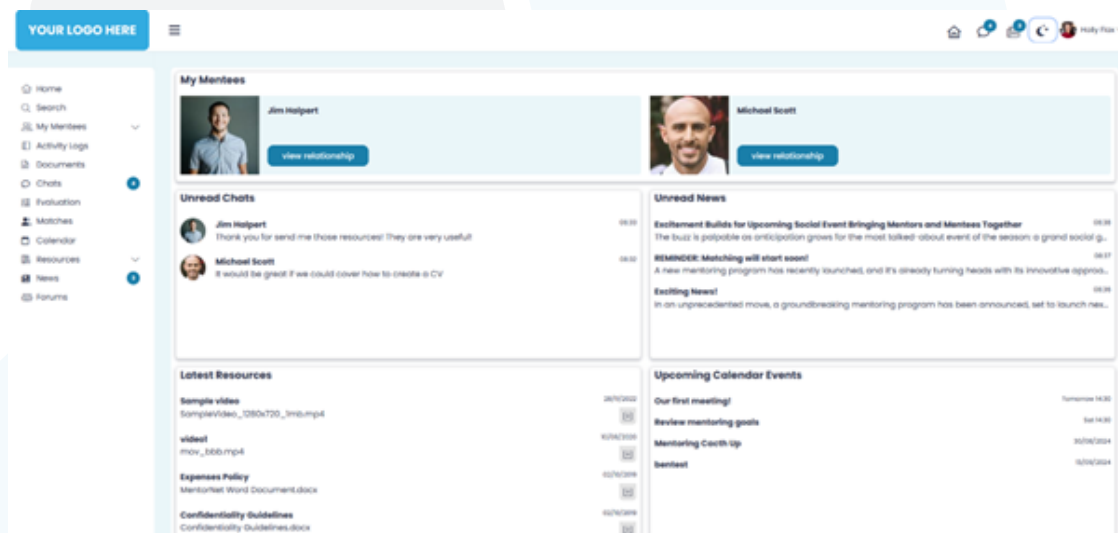

The name "sfG" reflects our approach: providing a 'small and friendly' experience while offering the 'giant' level of service and expertise our customers deserve.

**'small
friendly
Giant'**

Delivering a 'giant' level of service to our customers while providing the personalised care and attention you'd expect from a 'small and friendly' company.

Enhanced Communication

sfG MentorNet streamlines communication between mentors and mentees through an intuitive, web-based platform. With features like document sharing, activity logs, and secure messaging, sfG MentorNet fosters collaboration and enables mentors and mentees to exchange ideas and resources effortlessly. These tools help build stronger, more effective mentoring relationships.

Save Time with Streamlined Administration

Gone are the days of juggling spreadsheets and endless paperwork. sfG MentorNet simplifies administrative tasks, allowing staff to focus on the impact of the mentoring programme rather than its logistics.

- Generate detailed reports with just a few clicks.
- Streamline and simplify matching with customer filters that ensure the best possible pairings.
- Send out personalised communications to all mentors and mentees, or specific target audiences.

Effective Relationship Monitoring

sfG MentorNet's reporting tools empower administrators with key insights into each mentoring relationship. From tracking engagement to identifying relationships that may require additional support, sfG MentorNet helps you ensure your programme is running smoothly and achieving its goals.

"sfG MentorNet is so efficient. It's so good. It has reduced the time we spend on running the scheme and enabled us therefore to continue to offer this valuable service to our members – both mentors and mentees, who each say they benefit."
